

SURFACE SLICK

DESCRIPTION

An optional finishing agent for use with modified mercaptain or amine based epoxy paste. Surface Slick is water based, non-toxic, non-hazardous, and non-corrosive. It allows smoothing of cap seal for even application and improved aesthetic

Manufacturer

CPR Products, Inc.
1315 West Lark Ind. Park.
St. Louis, Mo. 63026
Telephone: [636] 717-0666
Fax: [636] 717-0665
Toll Free: [888] 531-8940

Benefits

- Low cost
- Long shelf life
- Convenient spray bottle
- Allows for more control over cap seal application
- Allows for smooth appearance
- Will not leave residue that can lead to mold

Concrete Surface Preparation:

Prior to cap seal application, remove all grease, wax, curing compounds and other foreign matter from area. Clean and roughen area using a wire brush.

SAFETY PRECAUTIONS

- Wear impervious PPE: safety glasses, long sleeves, gloves
- Do not ingest
- Do not allow contact with eyes
- Wash thoroughly in case of contact with skin

USING SURFACE SLICK

- When not in use, make sure to store at room temperature
- Mix small batches of epoxy cap seal (typically becomes tacky and unworkable inside of 5 minutes)
- Surface Slick is effective once cap seal is mixed and in place, but before it begins to tack up
- Spray Surface Slick onto malleable cap seal and rub with a gloved hand
- Compact and smoothen cap seal to the extent you desire
- No aftercare necessary

All recommendations, statements and technical data contained herein are based on tests we believe to be reliable and correct. CPR Products, Inc. warrants its products to be free of manufacturing defects and that, at the time and place we make shipment, our material will meet the current published physical properties when applied with CPR's directions and tested in accordance with ASTM standards. CPR Products, Inc.'s liability is limited to replacement of material found to be defective, as CPR Products has no control over the use to which others may apply its products. It is recommended that the product be tested to determine if suitable for a specific application and/or our information is valid in a particular circumstance. Responsibility remains with the contractor and owner for the design, application and proper installation of each product. Nothing contained herein should be construed to be a recommendation to use, or as a license to operate under or to infringe any existing patents.
